

Job Ticket and Per Page Edit

The screenshot shows the 'Job Ticket Edit' window. The left pane is titled 'Job Ticket' and contains settings for the entire job. The right pane is titled 'Per Page Edit' and shows settings for the current sheet (Sheet No. 1/5). A red box highlights the 'Job Ticket' pane, and a red arrow points to it with the text 'Edit for all sheets.' Another red box highlights the 'Per Page Edit' pane, and a red arrow points to it with the text 'Edit for current sheet, specified sheets, or all sheet.' A third red box highlights the 'Application Setting' section in the 'Job Ticket' pane, and a red arrow points to it with the text 'All the setting items are displayed with red when the function of the items is specified.' A fourth red box highlights the 'Enlarge Preview Button' in the 'Per Page Edit' pane, and a red arrow points to it with the text 'When 4 in 1, 8 in 1 or 4 repeat are set, the Enlarge Preview Button is grayed out.'

Left side area is for whole job edit and right side area is for per page edit
